STREAM

WIRELESS MULTI-ROOM READY

The Klipsch Reference RW-1 Wireless Speaker is part of the Klipsch Stream Wireless Multi-Room Audio System, which is an all-encompassing solution for distributing your music throughout your home. Listen to internet radio stations, streaming services, your personal digital music library, CDs, DVDs, etc. For a list of supported streaming services, visit www.klipsch.com/stream. Download the Klipsch Stream app (available for iOS or Android), connect the RW-1 Wireless Speaker to your Wi-Fi network and enjoy. Expand your system to add multiple rooms of audio in your home with other Klipsch Stream Wireless Multi-Room Audio products.

SMALL SIZE, POWERFUL SOUND

At just 9 inches (228.6mm) high and 5 inches (127mm) wide, the RW-1 delivers powerful performance in a small package. Klipsch's 3/4" horn-loaded aluminum tweeter with 90° x 60° Tractrix[®] horn delivers crisp highs, while 3 1/2" cerametallic woofer supplies clear vocals and dynamic bass. A 30-watt powered digital amplifier embedded in each speaker rounds out the acoustic complement.

PAIR TWO WIRELESS SPEAKERS FOR STEREO SOUND IN YOUR ROOM

You can pair two Klipsch RW-1 wireless speakers together for stereo sound using the Klipsch Stream app, available on iOS and Android.

CONNECT TO YOUR NETWORK VIA WIFI OR ETHERNET

The Klipsch Stream Wireless Multi-Room Audio System streams all of your content over Wi-Fi and/or Ethernet. The Klipsch Wireless speaker offers both the convenience of wireless connectivity and Ethernet . . . you choose.

3.5MM ANALOG AUDIO INPUT

The Klipsch Wireless Speaker also features a 3.5mm analog input for your legacy source. Plug in your CD player and enjoy in-room listening by selecting the line-in from the Klipsch Stream app, and enjoy playback in other rooms of your Klipsch Stream Wireless Multi-Room Audio System.

BACKLIT, INTEGRATED CONTROLS FOR EASE OF USE

Need to mute the sound, increase/decrease the volume or put the room into standby but aren't near your phone? No problem. The Klipsch Wireless Speaker features backlit integrated controls on the top of the speaker for simple and quick control of the audio in your zone.

FLEXIBLE PLACEMENT OPTIONS

The RW-1 is small enough that it can be placed anywhere. It also features mounting holes that take an M5 0.8" screw so it can easily be hung on the wall.
