CUSTOM SERIES

CS-16W

6.5" In-Wall Speaker

KLIPSCH PERFORMANCE AT AN INCREDIBLE VALUE

Using the same design principles of our premium architectural and box speaker lines, the all new Klipsch Custom series delivers true Klipsch sound to any budget. With a 6.5" Polymer woofer and a 1" Polymer Dome tweeter the CS-16C II brings dynamic, powerful, detailed Klipsch sound to your distributed audio or home theater system. The CS-16W utilizes the same 6.5" Polymer Woofer and combines it with a 1" Polymer Tweeter for outstanding in-wall performance.

PATENT-PENDING SKYHOOK™ TOOL-FREE INSTALLATION SYSTEM

The exclusive installation system engages the dog legs automatically when the speaker is inserted into the cutout hole with a preset clamping force, eliminating the possibility of overtorquing. This fast, easy installation system reduces install time by up to 75%.

ALL NEW, BEZEL-FREE MAGNETIC GRILLE

A completely redesigned powdercoated magnetic steel grille eliminates the bezel for seamless, pristine integration into the living space.
