

KMC 3

TAKE THE CONCERT WITH YOU. WIRELESSLY.

The Klipsch Music Center KMC 3 is a wireless home music system small enough to be portable yet large enough for party-level sound even in the great outdoors. Easy music streaming from any *Bluetooth*® equipped smartphone, music device or computer. Solid-built and aesthetically designed with elegant soft-feel paint, high-gloss metallic accents and touch-sensitive controls.

LEGENDARY HIGH PERFORMANCE SPEAKER DESIGN

Dual two-inch full range drivers, internally chambered to minimize distortion, provide a clean and highly balanced sound up to 24kHz. A unique tuned dual-flare port system combines with a built-in 5.25 inch subwoofer for deep bass down to 40Hz. 130 watts of bi-amped digital amplification with advanced DSP equalization provides lifelike, dynamic sound at any volume level. AptX® audio coding technology allows for lossless, audiophile-quality streaming. It's THE prescription for powerful, full-bandwidth sound for all music types that others can't fill.

PORTABILITY WITHOUT THE TYPICAL DRAWBACKS

AC/DC operation and a built-in handle make the KMC 3 portable. Instead of a need-to-recharge unit that stops when the stationary battery dies, eight "D" cell batteries (not included) will keep it playing for up to 6 hours. Unlike tiny, underpowered competitive models the KMC 3's sound is designed to come through loud and clear even when competing with the typical noise at a pool party or large picnic.

A HOST OF CONVENIENT FEATURES

The KMC 3 keeps any smartphone, most tablets and other music sources charged with its USB input (cable not included) and plays virtually any non-Bluetooth music source with its 3.5 mm input. It remembers the last connected Bluetooth device and automatically reconnects to it the next time if it's available. The included remote controls volume and muting, and most wirelessly connected music sources while they charge and play simultaneously.

Our strong partnership with Live Nation Entertainment, the world's leading live entertainment company, has inspired a line of wireless music systems. The Klipsch Music Center Series is named after one of the five most ticketed live music venues in the world.

SPECIFICATIONS	KMC 3
Amplifier Power	2x15W RMS (full range drivers) 1x35W (subwoofer) 130W system peak power Bi-Amplified for audiophile resolution
Frequency Response	45Hz-24KHz +/-3dB/useable bass to 40Hz (f6)
Enclosure Type	Bass-reflex
Mid/High Frequency Driver	2 x 2" (5.0 cm) Aluminum Diaphragm Fullrange
Low Frequency Drivers	5.25" (13.3 cm) Long-Throw Woofer
Crossover Frequency	380Hz
Maximum Acoustic Output	105 dB (0.5m near field)
Inputs	<i>Bluetooth</i> ®, 3.5mm Analog In, Charge-only USB port
Battery Life	Default Volume: 2-6 hours
Battery Type	8 "D" cells, alkaline or rechargeable
Accessories Included	Full-function remote control, AC power cord
Finish	Soft-feel paint with high-gloss metallic accents
Dimensions	7.2" H (18.3cm) x 17" W (43.2cm) x 5.5" D (14cm)
Weight	7.8 lbs (3.5 kg)
Built From	2013
